EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jerry Malbus on August 2, 2005.

During the telephonic interview with applicant on August 2, 2005, the examiner restricted the claims as such:

Group I – claims 1-3

Group II – claims 4-17

Applicant elected to have the invention of Group I (Claims 1-3) examined with traverse. At which point the examiner notified the applicant that this application is in condition for allowance except for the presence of claims 4-17 drawn to an invention non-elected with traverse. Accordingly the applicant authorized the examiner to cancel claims 4-17.

Thus the application has been amended as follows:

Claims 4-17 are canceled.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the method of constructing a fluid storage tank comprising assembling of sections having the specific stiffener, stringer and truss configurations as claimed, by loading and transporting said sections to a be assembled at a tank construction site; in combination with the other limitations in the claims, has not been disclosed in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
